Title: Everyday Illness

Author: Sage of Yew  
-----

My name is Sage  
Humbolt. I shall on  
this day take you  
through several  
problems that effect  
the people of Sosaria.

Dark Pox- A disease  
that strikes at those  
who were recently  
wounded. Large black  
boils surround the  
wounded areas and  
ooze a foul liquid. If  
left untreated, it can  
cause the lost of  
limbs or life.

TREATMENT:

Rupture the boils and  
drain the liquid. Take  
large doses of  
liquified garlic till  
the boils are cleared  
up.

Eyes of the Fool- Do  
too a blow to the head  
a subject may loose  
control over one of  
their eyes. If this  
occurs it can lead to  
permanent discomfort  
and lack of proper  
vision.

TREATMENT:

Place a patch over the  
good eye for a time of  
two weeks. Then  
remove it and return  
to normal life.

Sea Urchin's Bane:  
Those who have eaten  
poor quality meat  
know about this  
illness that used to be  
thought to come from

only bad fish. It causes acute exhaustion. If left unattended it can cause cramping and complete discomfort.

TREATMENT: A powerful potion must be formed from pure garlic, pure nightshade and pure ginseng.

Mix these three ingredients into one potion and drink three a day. It can take up to a month to feel the results, but if a higher volume is taken it can lead to very fast results.

WARNING: If you exceed my recommendations it has been documented that some people have gone mad when they took far too much. The madness passes but very slowly. Be careful.

\*The rest is badly damaged by time\*
